Home   Dashboard   Contact

Welcome to QuickPortal

Your one-stop-shop to faculty and class management

Excellence

We strive to achieve the highest standard at University

Achievement

Our university has motivated faculty and students

Opportunity

Everyone has equal opportunity to succeed at University

Resources

Our university provides the resources you need to do well

Description

- From the dashboard, an administrative user can access the Manage Faculty option where all the current faculty members are displayed.
  - Those faculty members can be updated, removed, or assigned to a course they teach in the university.
- The administrator can also add faculty members to the database using QuickPortal's functionality.
